[Potfolio](#)

I design games and immersive experiences and take them to playable — across mobile, PC and VR.

[01 / EXPERIENCE]

APEX ACADEMY

2026 — NOW

Game Designer & Developer · Contract · Remote

VR medical education built solo in Unity for Meta Quest: hand-grab biochem levels and a hub-and-pathway architecture scaling to 17+ lessons, plus EV01, a high-voltage safety sim (grab / poke / haptics).

FREELANCE

2025 — 2026

Game & Level Designer · Remote

Designed two mobile games from scratch (Bite Club Z, a tower-defense × survivors hybrid; OrbitJump, an endless runner) and consulted on three live games to improve retention, conversion and economy.

24 PLAY LLC

2025

Game & Level Designer · Kyiv

Designed raid levels for ZombiePunk and Chornobyl Quest; shipped the game mechanics I pitched in MurderHill (released 2026), growing from level design into game design.

REAL ESTATE VR / PC

2025

Game Designer · VR & Interactive · Contract (NDA) · Remote

Designed a VR + PC walkthrough of off-plan apartments with a live configurator, so buyers explore and personalize a home before it is built. Built in Unreal.

KHALIFA UNIVERSITY

2023 — 2024

Game Designer · VR Medical Education · Contract · Remote

Won the contract with the product concept, wrote the GDDs and systems, led a small team and built clinical training scenarios in Unreal Engine 5 for standalone Meta Quest.
